CrystalStones SMOOTH

CrystalStones Smooth Midnight Blue

INSPIRED BY MOTHER NATURE

Our **CrystalStones** collection delivers spectacular watercolor options with a durable, natural pebble pool finish. **CrystalStones Smooth** offers up to 14 gorgeous finishes. **CrystalStones Smooth** pebble finishes provide an evenly textured surface, by utilizing a larger pebble size that provides a bit more traction while remaining smooth to the skin.

Each and every stone is hand selected for its size, smoothness, and luster. The product is easy to apply through a traditional or spray application. **CrystalStones** turns plaster into a stunning, etch-resistant, snap-to-maintain finish that will completely transform your pool. **CrystalStones** are the most durable, long lasting pebble pool finishes available today. We also offer an extended warranty through our CL Industries' Authorized Applicators.

CrystalStones is setting the bar for the new age of pool surface technology. Settle back and explore the possibilities with lush colors and rich textures. Transform your poolscape into the ultimate haven with **CrystalStones Smooth**.
