CROSS
WIND **V**[®]

HEAT & CHILL MODELS

**ONE SYSTEM,
YEAR-ROUND COMFORT.**

HEAT OR CHILL YOUR POOL EFFORTLESSLY.

AUTO

Set the desired temp to heat or chill to the perfect swim temperature.

CHILL

Chill your pool down 10 to 15 degrees in 24-hours to beat those hot summer days.

PLUNGE

Set Crosswind V as low as 44°F, perfect for typical 50° to 60°F cold plunges.*

*Typical cold plunge size of 500-1000 Gal.
