## Poolmate Hydro 6

Robotic Pool Cleaner

### The Pool Cleaner Experts

\*The specific parameters and functions are subject to the actual products on the market.

8800GPH Suction Power  
with Dual Motors

Complete Cleaning  
Coverage

Dual Zone  
Dual-material  
Combined

App & Cloud Control

Double Inlet Design

Easy Pick up

Anti-tangle Swivel

# Two Times Suction at 8,800 GPH

Lifting suction with dual pumps

# Powerful Thorough Cleanliness

Hydro 6 delivers comprehensive  
filtering to remove pool debris

## Enduring Motors

The brushless motor uses advanced underwater technology, offering corrosion resistance, no sparks, and lower noise.

## Dual-zoned Large Capacity Filter Basket

Industry-leading 6.7L volume filter basket has a dual-zone design, effectively concentrates debris and reduces the risk of clogging without frequent cleaning.

## Precise Filtration

Double material replaceable filter for more thorough cleaning.

**180µm Nylon filter**  
high permeability, traps large dirt

**Hyper-fine Non-woven fabric**  
Captures fine particles to ensure cleaner water quality

## Performance Doubled

Double inlet design delivers strong flow and enables stable vertical movement, while two proactive brushes double the scrubbing power

# Comprehensive Efficient Cleaning

The Anti-Resonance Algorithm empowers an extensive coverage in limited time.  
The anti-tangle swivel minimizes the chance of cord jams.

# Superior Main Drain Cover Traversal

The reinforced Track-wheels can handle any terrain and have greater traction while passing over main drain obstacle.

# Enhanced Wall Climbing

Hydro 6 demonstrates the ability to climb and clean walls thoroughly. The track-wheels provide the stability needed to brush vertical surfaces as clean as the floor.

# Waterline Lateral Scrubbing

Poolmate's patented lateral movement technology results in more effective and higher overall cleanliness.

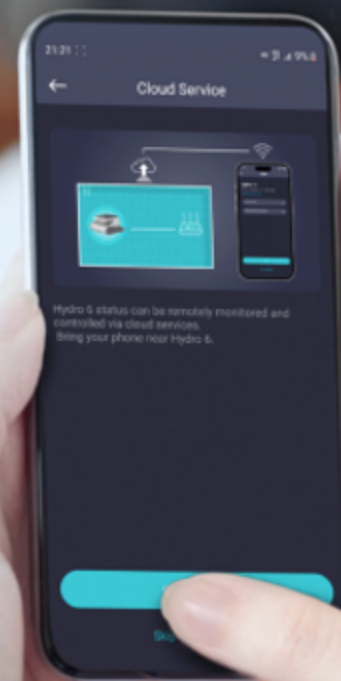

Reinforced Track-wheels

# App & Cloud Control

The dedicated app puts pool maintenance at your fingertips.  
Enjoy easy, convenient control from anywhere at anytime.

# Easy Pickup with Control Box

Intuitive control box has multiple cleaning modes to choose from. The convenient "pick up" feature directs the robot to the nearest pool edge for easy retrieval.

# Product Parameter

Basic Specs	Dimension of robot	485x475x342mm
	Weight of robot	12.5kg (exclude cable)
	Dimension of control box	352x82x211mm
	Weight of control box	2.3kg (exclude cable)
	Protection grade of robot	IP68
	Protection grade of control box	IP54
	Cable length	18m/25m (Optional)
	Anti-tangling Swivel	Support
	Filter Basket Capacity	6.7L
	Filter Basket Replacement	Replace the Filter Board Only
	Filter precision	180μm
		1μm Hyper-fine
	Suction Rate	Up to 8,800 GPH
	Quantity of pumps	2
	Quantity of active brushes	2
Input Power	Average 250W Peak 320W	
Rated input voltage	AC100-240V	
Rated output voltage	DC 24 V	

APP	APP	Support
	Cloud Service	Support
	Scheduled start	Support
	Manual mode	Support
	Water temperature display	Support
Others	Working depth	0.8-5m
	Best-suited pool size	150-200m <sup>2</sup>
	Movement speed	15m/min
	Cleaning area	Floor, Walls, Waterline
	Cleaning modes	Auto 2h/Auto 1h/Auto 3h (Floor+Walls+Waterline)
		Wall only 2h
		Floor only 2h
	Salt	5000ppm
	Chlorine	4ppm
	PH	7.0-7.8
	Working temperature	5-35°C
	Storage temperature	5-45°C
