

DEALER PRODUCT ANNOUNCEMENT

H-Series Above-Ground Gas Heater with OmniX®

A NEW DEGREE OF COMFORT AND CONTROL.

The H-Series 135,000 BTU heater for above-ground pools and spas combines leading technology with ease of operation and superior performance. At the center is Hayward's Universal Display, delivering a consistent, intuitive control experience across Omni®, OmniX®, and competitive automation systems. With OmniX embedded intelligence, the heater provides enhanced programmability, advanced diagnostics, and seamless remote connectivity.

- » **Cupro-nickel heat exchanger** offers exceptional protection against corrosion and premature failure caused by unbalanced water chemistry.
- » **Totally managed water flow** boasts industry-leading hydraulic performance coupled with lightning-fast speed-to-heat capability.
- » **Low NOx emissions** meet clean air quality standards.
- » **Front-panel-only access** provides easy service and maintenance, avoiding the problems and costs associated with front-and-back-panel access heaters.
- » **Universal junction box** allows either left and right electrical installation.
- » **Plug-in 120 volt electric cord** (3 ft.) for easy installation

CONTROL IT ALL WITH THE NEW OMNI X APP.

Available on the Apple® App Store and Google Play™ store.

Mobile phone not included.
