WavePath™ 2.0 Navigation Technology

Leveraging cutting-edge technology, WavePath™ 2.0 intelligently maps the robot's position, selecting optimal cleaning paths to ensure thorough and efficient coverage across all pool surfaces.

Unparalleled Cleaning Performance

With a powerful 7,800 GPH suction and an extra-large 7.5L filter basket, the Scuba P1 Ultra handles all types of debris effortlessly. Minimize maintenance and maximize relaxation—spend less time emptying filters and more time enjoying your pristine pool.

Advanced Obstacle Avoidance with Four Infrared Sensors

Equipped with four infrared sensors, the Scuba P1 Ultra detects and reacts to obstacles, optimizing its route for maximum coverage, precision, and extended cleaning performance.

WaveLine™ Horizontal Waterline Cleaning

The industry's first horizontal waterline cleaning technology allows 60-second lateral movement, effectively scrubbing away stubborn buildup like sunscreen and oils. Enjoy spotless waterlines, even in hard-to-reach areas.
