Optional Accessories

Aiper Scuba P1 Pro

Live Life Sideways

Maximum Cleaning Area

200 m² (2 150 sq. ft)

Suction Power

22 740 LPH (6 000 GPH)

Battery Life

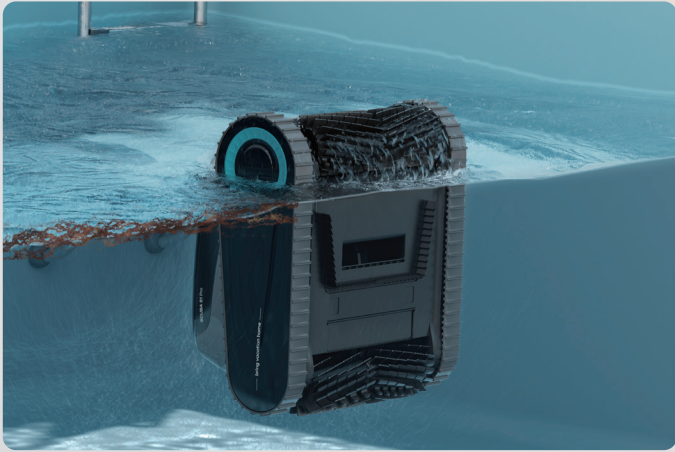

180 Minutes

Charging Time

4 Hours

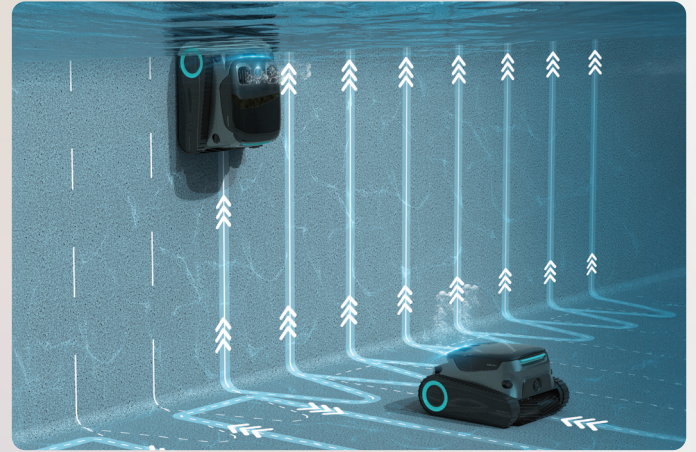

Filtration Level

Fine Filter Basket – For everyday debris
MicroMesh™ Ultra-Fine Filter (3µm) – For finer particles

WaveLine™ Horizontal Waterline Cleaning WavePath™ 2.0 Smart Navigation

The industry's first horizontal waterline cleaning technology enables 60-second lateral movement, effectively removing stubborn buildup like sunscreen and oils. This ensures a spotless waterline, even in hard-to-reach areas.

Equipped with WavePath™ 2.0, the Scuba P1 Pro intelligently maps its position, optimizing cleaning paths for maximum efficiency and thorough coverage of all pool surfaces.

The Replaceable MicroMesh™ Ultra-fine Filter

The Replaceable MicroMesh™ Ultra-fine filter captures even the finest debris, including sand and dust, ensuring a pristine pool while preventing clogs and maintaining peak cleaning efficiency—season after season.

Advanced Obstacle Avoidance with Infrared Sensors

Four built-in infrared sensors detect pool walls, stairs, and large obstacles, allowing the Scuba P1 Pro to adjust its path seamlessly for a comprehensive, uninterrupted clean.
