

AQUASTOP® PIPE SLEEVE WITH THREADED SLURRY SEAL CAP AND O-RING 1" / 1½" / 2" / 2½" / 3"

Compatibility, durability, and performance

FEATURES

Similar to original AquaStop® PVC pipe sleeve (see p/n WSxxx) except engineered with additional female thread for polypropylene cap and gasket seal

Excess glue will not stick to polypropylene cap

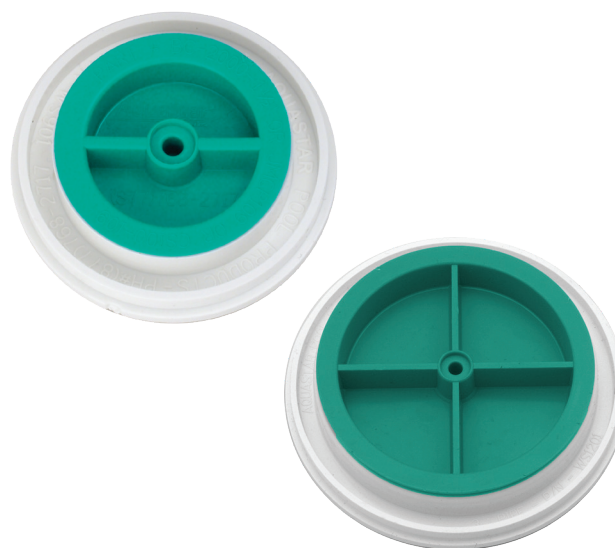

Apply with PVC glue to drain pipe before pool finish with the cap attached to prevent slurry from going into pipes (remove cap after pool finish and acid wash)

AquaStop® pipe sleeve helps avoid costly repairs

Available for four pipe sizes

250 per case for BC2000-1, BC2000-2, BC2000-2.5

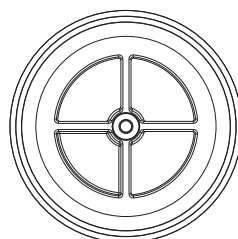

200 per case for BCR2000-3

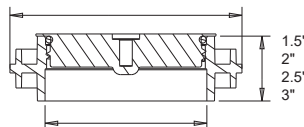

Part # BC2000-xx
